1. Introduction

Chrysalis Private School was founded in 2013 due to the demand for quality, private English education in the community. We have grown from a single classroom to three and all developments and improvements to school facilities have been entirely privately funded by the school owner.

Chrysalis places high importance on Academic Achievement.

Chrysalis offers learner-centred, classroom-based, differentiated teaching, by dedicated teachers from Pre-Grade R to Grade 9, and then offers academic support, through approved CIE curriculum providers, in accordance with the Cambridge International Examinations syllabus up to AS-Level. This high school leaving qualification is recognised by all Universities in South Africa and IGCSE's, AS and A-Levels are recognised in over 150 countries internationally. Alternatively, parent and students can opt for a GED through Online GED Prep South Africa (<https://onlineged.co.za>).

Cambridge and GED learners are considered independent candidates and are entered into their exams through our school's affiliation with online service providers.

Chrysalis is a member of the Limpopo Independent Schools Association (LISA) and is in the process of registering with the Limpopo Department of Education and with ISASA (Independent Schools Association of South Africa). This process began in September 2015 with the support of LISA and the Association of Christian Schools International (ACSI), which Chrysalis joined in 2023.

Much is expected of Chrysalis students from an academic perspective. They are required to be diligent, focused, self-starters who will maximise every moment of their academic day and take their academics very seriously. Students who fail to satisfactorily complete all the required prescribed work will not be entered for GED or Cambridge Final Examinations. While the environment is nurturing and classes are very small (10-15 in a class), students are reminded that Cambridge is one of the most difficult curricula in the world today and that Chrysalis Private School is not a suitable choice for a student seeking an "easy way" out of academics.

To date, Chrysalis students have received excellent symbols with 90% of our students achieving distinctions. Nevertheless, parents acknowledge that the full and final responsibility of the education of their child rests with them.

A Cambridge or GED Matric is accepted all over the world, whereas a South African Matric is not. Chrysalis Private School students are therefore given every advantage to access international tuition and training.

While Chrysalis does not purport to be a Cambridge centre it is, however, fully legally entitled to offer support to independent candidates through its affiliation with Saintsbury Education Centre in Pretoria and UCT Online High School, both of which are recognised platforms through which our learners complete IGCSE and AS-levels. The affiliation with registered Cambridge centres enables Chrysalis to offer support and assistance with the process. Our first cohort of Cambridge candidates is now successfully completing tertiary studies.

Chrysalis is also proudly affiliated with GED Online Prep, a South African based company providing online learner support for GED students.

Chrysalis aims to ignite in all students a lifelong passion for learning. Our approach firmly upholds the view that children are generally more capable than they are given credit for. Education the world over, often adopts a stance which effectively "dumbs-down" both curriculum and didactic method. Differentiated instruction is encouraged and differing learning styles are accommodated.

At Chrysalis we encourage our students to operate above the accepted norm, effectively permitting students to work at a grade level higher than would generally be permitted in mainstream schooling.

2. Goals

Chrysalis aims to:

- 2.1 Provide a loving, encouraging, joyous, caring environment thereby fostering a lifelong love of learning both in terms of academics and God-given talents.
- 2.2 Provide a constantly monitored, carefully designed programme of instruction, customised wherever feasible and possible to the needs of each individual child.
- 2.3 Provide the services of a dedicated, passionate, compassionate teaching faculty.
- 2.4 Endeavour to improve Chrysalis facilities in order to better meet the needs of our students.
- 2.5 Afford our students the opportunity to utilise their talent to build positively into the community.

Chrysalis is nestled amongst indigenous trees and a succulent nursery on the Percy Fyfe Road just outside Mokopane (formerly Potgietersrus).

Bushveld wildlife browse around a beautiful homestead and organic citrus orchard/vegetable garden.

The playground receives shade from a baobab tree. At least 60 species of birds can be heard or seen by any observant birder. A world-class succulent garden and ponds supply a surplus of biology specimens 😊 The serene surroundings give one the feeling of being in the country while located within 7km of the centre of Mokopane.

ACADEMIC

POLICIES IMPLEMENTED TO FACILITATE OUR GOALS:

1. Admissions Assessment
2. Clarification of ethos and values at the initial interview
3. What can YOU do for Chrysalis?

In the spirit of UNITY, GROWTH and EXCELLENCE we request that EVERY parent donates ONE hour of their time EVERY MONTH to Chrysalis (from February to November)

We understand that some parents work full time and that their time is limited and restricted. However, by planning ahead, there are many opportunities to contribute in a way that will not require you to take time off work.

Please note: These opportunities may not be used as a platform to disseminate religious material.

9. ETHOS AND ACADEMIC POLICY

1. At the point of admission to Chrysalis it is made clear to all prospective pupils and their parents that they are expected to co-operate with the teaching and support staff and to promote the greater good of the whole Private School community. We also wish to establish a full partnership with parents to promote the interests of the pupil body. This partnership must be based upon mutual honesty and respect.
 2. We have the right to expect full disclosure of any learning support assessment or identified need, or medical condition or disability, which could require specialist treatment, support or equipment, and any behavioural or disciplinary issues known to parents at the point of application, and thereafter.
 3. We seek to offer places to those whom we believe can contribute positively to the Private School community, and whom we can educate and safeguard within our own teaching, pastoral and learning support structure.
 4. Boys and girls who apply to the school must meet the school's academic entrance requirements. From Grade R up to Grade 9 we require that the pupil is on standard regarding the Discipline subjects. We reserve the right to make direct contact with any previous school or educational establishment and to request a confidential report. This will ask for comment on academic progress to date, involvement in the broader life of the school and general behavioural standards.
 5. Collectively, all this information allows Chrysalis to be reasonably sure that it is the right facility academically for each boy or girl and to tailor our academic courses to meet the needs of the pupils. Chrysalis wants to be able to educate and develop each pupil to the best of his or her ability and to ensure that any prospective pupil will be academically and socially at ease with his or her peers. In this way there is every chance that all pupils will emerge at the end of their time at Chrysalis having enjoyed the experience, being confident in their next steps.
 6. Progression from one part of Chrysalis to another is expected but cannot be guaranteed: there are occasions when such progression is not in the interests of the child. In such circumstances we would inform the parents well in advance and offer guidance as to future options for schooling.
 7. All those joining Chrysalis must agree to abide by the Standard terms and Conditions and to adhere to relevant school rules and policies.
 8. The School hereby reserves the right in its sole and absolute discretion to give notice of termination of this agreement to the parent of a month's notice which notice period need not be a calendar month. However, should such circumstances arise which in the sole and absolute discretion of the Principal or her nominee warrant immediate termination by the School of its agreement with the parent, the School shall be entitled to forthwith and without any notice period terminate this agreement with the parent.
- 9. A GED matric through GED-online or the Cambridge International Exam through the British Council are the only school leaving certificates facilitated by Chrysalis.**

10. What follows is the rationale behind Chrysalis's current legal status as a civil education institution.

- A. The parent has the primary responsibility to secure, direct and guide their child's education.
- B. Chrysalis henceforth is a school, functions as a school and will be recognised as a civil education institution.
- C. A decision was made in October 2015 to register Chrysalis with the Limpopo Department of Education and with ISASA (the Independent Schools Association of South Africa). Registration with ISASA ensures a degree of autonomy regarding curriculum choices and enrolment policies.
